TIME: 0:700 sign ups, rounds downrange at 0:800

THIS IS A TWO MAN TEAM EVENT LIMITED TO 12 TEAMS

### STAGE 1 FIELD COURSE:

The teams will be given a time limit to negotiate a natural terrain course where they will be required to locate, range and fire upon a variety of pistol and rifle targets. The locations of the targets will require the teams to use alternate positions. The teams' time will start upon entering the course and stop when the team exits the course, bonus points will be added for finishing before the allotted time and penalty points will be subtracted if time is exceeded. Teams that have completed the course will be RSO's for the teams entering the course.

Ammunition requirements: 20 rifle 20 pistol per team member

### STAGE 2 SIMULTANIOUS FIRE 300 YARDS:

The teams will be presented with a variety of targets for a 15 second window in which they must identify and simultaneously engage the correct target, upon firing or expiration of time the target will be withdrawn and another target will be immediately presented, the teams will continue until all targets have been presented, targets must have two hits showing to count for score, targets with only one hit will score zero.

Ammunition requirements: 16 rifle per team member

### STAGE 3 MOVING TARGETS 600 YARDS:

The teams will be given 5 minutes to fire upon a color designated moving target, the non firing team member may spot for or assist the firing team member in any way so long as it is safe, after the 5 minute time expires the team members will trade places and another 5 minute firing period will start.

Ammunition requirements: 20 rifle per team member

### STAGE 4 UNKNOWN DISTANCE TARGET

The teams will be given a time limit to range and engage a steel target at an unknown distance, both team members will be required to fire, the non firing team member may spot for or assist the firing team member in any way so long as it is safe

Ammunition requirements: 5 rifle, per team member

### EQUIPMENT:
